Oral du projet de Programmation Objet

Maxime Arthaud Martin Carton Korantin Auguste

13 mai 2013

Introduction

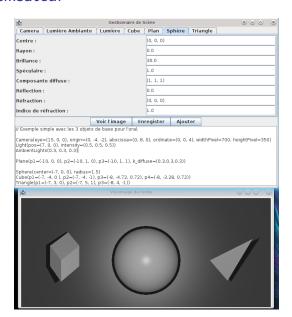

Nous fournissons 3 choses:

- ▶ Un format de fichier pour pour pouvoir écrire des scènes à la main, dans une interface graphique ou automatiquement.
- Deux programmes :
 - Une interface graphique pour éditer un fichier représentant une scène.
 - Un programme en ligne de commande pour générer une image à partir d'un fichier de scène.

Exemple de fichier
